

UIA Receives Final Proposed Karamoja Industrial and Business Park Masterplan

Uganda Investment Authority (UIA) has received the final draft of the proposed Karamoja Industrial Business Park Master plan from Savimaxx Ltd. The consultants were contracted by UIA to undertake the design and environmental impact assessment, so as to provide the necessary services and infrastructure to support industrial development within Karamoja region.

The park will be located 12 kms South of Moroto Municipality along Moroto - Soroti highway. The 417 acre site lies on the boundary between Moroto and Napak districts.

Draft Plan Handover Meeting at the UIA Head Office in Nakasero

The planning, budgeting and implementation of the park development will begin after Management and Board approval. The proposed Karamoja Industrial and Business Park is among the 22 Government planned parks in the country.

In order to realize the project, UIA's implementation strategy will include:

1. Further community sensitization on the benefits of the park
2. Discussions and collaboration with utility bodies and relevant entities to extend utilities to the park
3. Surveying and opening of road reserves within the park and demarcation of industrial plots in readiness for allocation
